# Your home is your family's foundation

Nationwide Guaranteed Level Term life insurance for mortgage payoff

## Being ready if something happens to your home is smart.

Your home is much more than 4 walls and a roof. It's a foundation for your family, where you share pizzas, dreams and corny jokes. You make sure your home is protected so that if anything happens, it's covered.

## Being ready if something happens to you is responsible.

You'll want your family to keep living in your home, but that probably won't be easy without your income.

- It might be hard to keep up with the mortgage.
- Your family could be forced to sell and move away.

## Prepare now so your family can afford to stay in your home.

Get a Nationwide® Guaranteed Level Term life insurance policy to cover the mortgage if something happens to you. Your family will receive the income tax-free death benefit when they need it most. It could help them stay:

- In the home and neighborhood they love
- Close to family, friends, schools or places of worship

## With a Nationwide® Guaranteed Level Term policy, you can:

Choose the right term for you, depending on your mortgage	Keep your premium the same for the full term
Select from a variety of affordable premium options	Convert your term policy to permanent insurance if your needs change

The flexibility to convert your term insurance is important because your life insurance needs may change as your personal situation does, such as with marriage, the birth of a child or a job promotion. So consider whether a particular life insurance policy will fit your long-term life insurance needs, and weigh any associated costs before purchasing. Remember also that life insurance has fees and charges that vary with your sex, health, age and tobacco use. Riders that customize a policy to fit your individual needs usually carry an additional charge.
