

**FOREIGN SOURCE INCOME FOR
CALENDAR YEAR 2018**

In addition to the tax information provided on your 1099-DIV statement, below is supplemental information to assist you with the preparation of your 2018 income tax returns.

For calendar year 2018, the Nationwide Mutual Funds listed in the table below (the “Funds”) elected to pass through to shareholders the foreign taxes paid by the Funds. As a shareholder, you may be able to offset a portion of your U.S. tax liability by the amount of such foreign taxes.

To calculate your total foreign source income, multiply your ordinary dividends (**box 1a of Form 1099-DIV**) by the Foreign Source Income percentage in the table below.

This information should not be considered tax advice. Please consult your tax advisor to learn if this information is applicable to your tax situation.
