

NATIONWIDE RETIREMENT INSTITUTE®

Plan for your health care costs with the Nationwide® Health Care Cost Assessment

Health care costs will likely be your biggest expense in retirement. You can expect to pay Medicare premiums, deductibles, co-pays and other costs out of your own pocket. Your financial advisor can help you get a better estimate of these costs with the Health Care Cost Assessment.

**\$296,000 –
\$399,000**

Average out-of-pocket health care costs for a 65-year old couple.¹

4 out of 5 people
cannot accurately estimate how much they expect to pay for health care in retirement.²

About the Health Care Cost Assessment

- **Personalizes your estimate** based on your current health conditions, family medical background and outlook for retirement, such as where you plan to live
- **Shows how your health care spending can change** throughout retirement and estimates your potential long-term care costs
- **Uses research** from one of the world's leading actuarial firms to align your anticipated health care needs with current trends in health care spending
