

Plan Comparison

Your first decision when enrolling is whether to choose a 401(k) plan, a 457(b) plan, or both — and whether you want to pay taxes now or later. Within the plans, you have a choice between:

Pre-tax — You'll be taxed when you take a distribution

Roth — Your contributions are taxed before they enter your account; you may be able to take tax-free distributions if certain criteria are met

² Withdrawals may be subject to ordinary income tax. Withdrawals made prior to age 59½ may incur a 10% early withdrawal tax. Eligibility criteria to withdraw funds are featured in the 401(k) Hardship Withdrawal Booklet in the Forms/Publications/Governing Documents & Reports section of savingsplusnow.com.

³ One outstanding loan per plan is allowed, not to exceed two outstanding loans across both the 401(k) and 457(b) plans. You may qualify for a loan based on your account value. Note: A defaulted loan is considered a withdrawal or distribution and will be treated accordingly. Visit savingsplusnow.com.

⁵ The Traditional 457(b) Catch-Up provision and the Age-Based Catch-Up provision may not be used in the same Plan within the same calendar year.
