

**Savings Plus**, the state of California's 401(k) and 457(b) Retirement Plans, offers tools and resources that may help you reach your retirement savings goals. This year, keep improving your life balance with these easy, online tools at [savingsplusnow.com](http://savingsplusnow.com).

- **My Interactive Retirement Planner** – See where you are and experiment with where you could be. This tool generates a Retirement Readiness Report that will help you make impactful savings decisions. Can you do more to reach your goals?
- **My Investment Planner** – Is your current investment approach working for you? Use our online asset allocation tool to find out.

These tools are for informational purposes only. They are not intended to project or predict the results of any specific investment. Investing involves market risk, including possible loss of principal and possible fluctuations in value. No investment strategy can assure a profit or guarantee against loss in a declining market.  
Nationwide Investment Services Corporation, member FINRA.

**Annual Fee Disclosure Statement**

This document includes important information about Savings Plus service, administrative and investment-related fees. We are excited to share that RVK Consulting recently conducted a fee benchmarking survey of Savings Plus and its industry peer group (20 plans) and Savings Plus showed up strong. Our total administrative fees are lower than the median peer group as a percentage of assets and on a dollar per participant basis. To see the full report, go to [savingsplusnow.com](http://savingsplusnow.com).

Savings Plus provides investment options into which you can invest your assets. You may modify your investment selections on any day the New York Stock Exchange is open for business. The Investment Performance Chart on page 3 provides information about the investment options available to you. Additional information about your investment options can be found at [savingsplusnow.com](http://savingsplusnow.com).

# Annual Fee Disclosure Statement as of September 30, 2018

As with any investment, service, administrative and investment fees are paid by the investor. Savings Plus service and investment fees are featured below.

## Asset-based fees

Featured as Expense Ratios in performance reports, these fees express the percentage of assets deducted for fund expenses, including management fees, administrative fees, operating expenses, and all other asset-based costs incurred by the fund. You will not see these fees directly because they are deducted from investment earnings. The total asset-based fee includes a 0.05% administration fee to offset operational costs to administer the plans.

## Administrative fees

These fees are generally charged to your account and may include:

- **Administrative fee:** \$1.50 per plan per month is deducted from each participant's account.
- **Loan fee:** A \$50.00 fee will be deducted from your account if you take a loan.
- **Domestic Relations Order fee (DRO):** A processing fee of \$300.00 is assessed and equally split by the participant and the alternate payee, unless the court decree orders differently. The fee is deducted from your account before the order is applied.
- **Check writing fee:** If you elect to receive a check in lieu of a direct deposit you will have a \$2.00 check fee deducted from your account for each distribution.
- **Redemption fees:** Our excessive trading policy imposes a 2.0 percent redemption fee on the sale of securities in the International Fund, the International Index Fund, and the Target Date Funds if the sale occurs within 30 calendar days of purchase (the "holding period").

## Enhanced services fees

These fees are for additional investing service options:

### Schwab Personal Choice Retirement Account (PCRA)

The PCRA gives you access to a marketplace of retail investment options not featured in the Savings Plus Core Investment Funds and is generally for more experienced investors or those who desire more investment options and are willing to pay an additional fee to process transactions.

A *PCRA Pricing Summary* is available (*Forms and Publications* section of [savingsplusnow.com](http://savingsplusnow.com)).

There is no initial or ongoing transfer minimum to the PCRA. A minimum amount of the lesser of \$2,500 or 50 percent of your account balance must remain in your core accounts when you use the PCRA (includes Target Date Funds). Commissions and fees (to Schwab) may apply. These fees are deducted directly from the assets in your PCRA account.

### Professionally Managed Account:

If you choose to have your account professionally managed using Nationwide's (ProAccount®), your account will be charged an annual fee which is taken quarterly based on the assets in your account as follows:

- Up to the first \$250,000  
0.50% (0.125% per quarter)
- The next \$150,000  
0.45% (0.1125% per quarter)
- The next \$100,000  
0.40% (0.100% per quarter)
- \$500,000 and above  
0.35% (0.0875% per quarter)

The Professionally Managed Account Fee is calculated daily based on the market value of your Account (also known as "average daily balance") and payable quarterly, in arrears.

Nationwide Investment Advisors (NIA) exercises discretionary authority to allocate and rebalance a participant's account to implement the advice Wilshire provides. Because investing involves market risk, there is no guarantee that Nationwide ProAccount will achieve an investor's objectives. Wilshire is a service mark of Wilshire Associates, Inc., which is not affiliated with Savings Plus or NIA. Nationwide ProAccount is a service mark of Nationwide Mutual Insurance Company.

The cumulative effect of fees and expenses can reduce the growth of a participant's or beneficiary's retirement account. Participants and beneficiaries can visit the Employee Benefit Security Administration's (EBSA's) website at [www.dol.gov/ebsa/publications/401\(k\)\\_employee.html](http://www.dol.gov/ebsa/publications/401(k)_employee.html) for an example demonstrating the long-term effect of fees and expenses.

Fees are only one of several factors to consider when making investment decisions. Carefully consider other key factors, including asset class, risk, principal investment strategies, and historical performance when selecting investments. Investing involves market risk. Read the Fund Fact Sheets carefully before investing. No investment strategy or program can guarantee a profit or avoid losses.

Set up an **online account** if you haven't already. Go to [savingsplusnow.com](http://savingsplusnow.com) and select **Login Help & Sign Up** in the LOGIN box.

## General information

Past performance does not guarantee how the investment will perform in the future. Information about fund options is available at [savingsplusnow.com](http://savingsplusnow.com).

Before investing, carefully consider each fund's investment objectives, risks, charges and expenses. Fund Fact Sheets contain this and other important information. Fund Fact Sheets may be downloaded from [savingsplusnow.com](http://savingsplusnow.com) or by calling (855) 616-4776.

Fund and fee disclosures, as well as Key Risks associated with some funds, are located on the next page with the mailing information.

An excessive trading policy is applied to the International and Target Date Funds and imposes a 2.0 percent redemption fee on the sale of securities in the Funds if the sale occurs within 30 calendar days of purchase. Proceeds from such fees flow directly back into the unit value of the fund.

## End Notes

- (1) This fund is a separately managed portfolio of assets managed specifically for Savings Plus. It is not a mutual fund. See the Fund Fact Sheet for more information.
- (2) This fund is a passively managed commingled fund (collective trust). It is not a mutual fund. See the Fund Fact Sheet for more information.
- (3) International funds are subject to a short term trade restriction policy. Redemption fees may apply. See the Transfer Restrictions and Redemption Fees document on the savingsplusnow.com website. Refer to the Fund Fact Sheet for more information.
- (4) The Target Date Funds replaced the Asset Allocation Funds as of market close March 21, 2014 and have a limited return history. See the Fund Fact Sheet for more information.
- (5) No transaction fees are charged. Instead, the funds indirectly incur management fees that are charged by the underlying investment funds in which the funds invest. The estimated expense ratio consists of operating expenses, including management fees and nominal trustee services fees, and an administrative expense of five basis points expense reimbursement. Fees are netted out of the performance of the funds. For the STIF-Cash Fund, approximately 0.025% of this expense is reimbursed to Savings Plus from the Fund's underlying Investment Managers.
- (6) Market indexes have been provided for benchmark comparison purposes only. They are unmanaged and no fees or expenses have been reflected here. Individuals cannot invest directly in a market index. Although gathered from reliable sources, data accuracy and completeness cannot be guaranteed.

## Key Risks

- (7) Bond funds have the same interest rate, inflation and credit risks that are associated with the underlying bonds owned by the fund.
- (8) Stocks of small or emerging companies may have less liquidity than those of larger, established companies and may be subject to greater price volatility and risk than the overall stock market.
- (9) Investing internationally involves risks not associated with investing solely in the U.S., such as currency fluctuation, political risk, differences in accounting and the limited availability of information.
- (10) Target Date Funds invest in a wide variety of underlying investment options to help reduce investment risk. Their expense ratio represents a weighted average of the expense ratios and any fees charged by the underlying investment options in which the Funds invest. The Funds do not charge any expense or fees of their own. Like other funds, target date funds are subject to market risk and loss of principal can occur at any time, including before, at or after the target date. There is no guarantee that target date funds will provide enough income for retirement or that asset allocation, diversification or any investment strategy will assure a profit or avoid losses.

*A glossary of investment terms is featured in the Learning Center section of [savingsplusnow.com](http://savingsplusnow.com).*

## Three easy ways to increase your contribution:

- **Log in to your account** at [savingsplusnow.com](http://savingsplusnow.com) and select *Manage My Funds* in the left column
- **Visit our Walk-in Center** located at 1810 16th Street, Room 108 in Sacramento Monday through Friday from 8 a.m. to 5 p.m.
- **Complete a Contribution Change form (find it in the Forms/Publications/Support section of [savingsplusnow.com](http://savingsplusnow.com))** and mail it to: Nationwide P.O. Box 18297, Columbus, OH 43218-2797

After you increase, you may call (855) 616-4776 or go online at [savingsplusnow.com](http://savingsplusnow.com) to review your investment elections or learn more about your investment options. You may also update your beneficiary designation(s) online.

Investment elections can be changed on any day the market is open.
