MarylandDC.com

We're your Team MSRP **Personal Retirement Consultants**, available to Maryland employees for personal consultation (in person or by phone) as you plan for retirement.

We can help you:

- Determine your retirement income needs with our exclusive financial assessment tools
- Understand income options available to you and help with the paperwork
- Assist with annual leave lump sum payments and MSRP Plan payments
- Roll over into or out of MSRP. There are generally several considerations relevant to evaluating whether you might rollover outside assets or leave the money where it is currently invested.*

Investing involves risk, including possible loss of principal.

This material is not a recommendation to buy, sell, hold or roll over any asset, adopt and investment strategy, retain a specific investment manager or use a particular account type. It does not take into account the specific investment objectives, tax and financial condition or particular needs of any specific person. Investors should work with their financial professional to discuss their specific situation.

**Qualified retirement plans, deferred compensation plans and individual retirement accounts are all different, including fees and when you can access funds. Assets rolled over from your account(s) may be subject to surrender charges, other fees and/or a 10% tax penalty if withdrawn before age 59½.*
