Deferred Compensation Plan

City of Kansas City, MO Deferred Compensation Plan Memorandum of Understanding

The purpose of this memo is to ensure that you fully understand the major terms, restrictions and costs of the City of Kansas City, MO Deferred Compensation Plan. However, it does not cover all the details of the Plan. Please refer to the Plan Document for specific details.

I understand and acknowledge the following:

1. I understand that my participation in the Plan is governed by the terms and conditions of the Plan Document. The product information brochure and fund prospectuses are available upon request at kcmodc.com or by calling 866-350-KCMO.
2. The total annual contribution amount to all 457(b) plans is the lesser of the maximum annual 457(b) contribution limit or 100% of my includible compensation. This amount may be adjusted annually. If you have questions about the maximum contributions limits they can be found at irs.gov. Under certain circumstances, additional amounts above the limit may be contributed to the Plan if (1) I will attain age 50 or older during the current calendar year, or (2) I am within three years of the Plan's Normal Retirement Age and did not contribute the maximum amount to the 457 Plan in prior years. The Plan Document provides additional details about contribution limits. Contributions in excess of maximum amounts are not permitted and will be reported as taxable income when refunded. It is my responsibility to ensure my contributions to all 457(b) plans in which I participate regardless of employer do not exceed the annual limit.
3. As opposed to the withdrawal of earnings on pre-tax contributions, the earnings on designated Roth contributions are generally not subject to future taxes as long as the distribution from the Roth account satisfies the requirements to be a "qualified distribution." Qualified distributions cannot be made within five years of the first designated Roth contribution to this plan, and must be made on or after the attainment of age 59½, on or after the participant's death, or the participant's disability. If the participant previously established another designated Roth account in another plan and is able to roll the funds from this plan to the other plan, the five-year period would begin to run from the date of the first contribution to the first designated Roth account. A non-qualified Roth distribution may result in a 10% additional tax for early withdrawal of that portion of the distribution that is includible in gross income, if made from rollovers to this Plan from a qualified plan like a 401(k) plan, unless a regulatory exception applies. Please note that once made, contributions and/or rollovers to a designated Roth account may not be reversed. In the event you wish to make changes, only future contributions and/or rollovers can be redirected.
4. I may withdraw funds from the Plan only upon severance from employment; at age 59½; upon an unforeseeable emergency approved by the Plan; or I may take a one time in-service withdrawal if my account value is \$5,000 or less (as adjusted) and I have not deferred into the Plan for two or more years. In some cases withdrawal for purchase or repayment of service credits in a governmental defined benefit plan may be permitted. Additionally, funds may be withdrawn upon my death. All withdrawals of funds must be in compliance with the Internal Revenue Code and applicable regulations, some of which are expressed in the Plan Document.
5. Generally, you must begin taking distributions from the Plan no later than April 1 following the year you reach age 73. If you continue to work for this employer beyond age 73, (75 for an individual who attains age 74 after December 31, 2032), generally, your distributions must begin no later than April 1 following the year you separate from service or retire. Please consult the Plan Document for additional information. All distributions are taxable as ordinary income and subject to income tax in the year received. You must take distributions in a manner that satisfies the minimum distribution requirements of Section 401(a)(9) of the Code, which currently requires benefits to be paid at least annually over a period not to extend beyond your life expectancy. Failure to meet minimum distribution requirements may result in the payment of a 25% federal excise tax.
6. The funds in my account may be eligible for rollover to a traditional IRA or to an eligible retirement plan. The "Special Tax Notice Regarding Plan Payments" provides detailed information about my options. Due to important tax consequences related to distributions, I understand that I should consult a tax advisor. I expressly assume the responsibility for tax consequences relating to any distribution, and I agree that neither the Plan nor the Plan Administrator shall be responsible for those tax consequences.
7. I understand that all products are optional.
8. I understand that I may make changes among the investment options within my account as frequently as daily, but any change may be subject to the restrictions of the plan and/or the investment provider. In addition, some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully. Changes may be made by calling 866-350-KCMO or logging on to kcmodc.com.
9. Exchanges from and into available variable investment options may be subject to restrictions or limitations established by the investment provider, the Plan or its designated agent.

Asset allocation options

1. The asset allocation funds can be selected based on your personal objectives and risk tolerance. They are designed to provide asset allocation across several types of investments and asset classes. Therefore, in addition to the expenses of the asset allocation funds, you are indirectly paying a proportionate share of the applicable fees and expenses of the underlying funds. The use of asset allocation does not guarantee returns or insulate you from potential losses.
2. I understand that contributions to my account will be invested in the Asset Allocation fund closest to the year in which I turn age 65, which is the Plan's default investment alternative.

Mutual fund options

1. I understand that the Net Asset Value of a mutual fund changes on a daily basis and that there is no guarantee of principal or investment return.
2. The value of amounts allocated to mutual fund options will vary depending upon the value of the chosen mutual funds and could result in either a gain or loss. The fund prospectuses were made available to me and can be obtained upon request.
3. I understand that pursuant to the Plan Document, deferred amounts will be invested per the default election on this EZ Enrollment Form.
