Miami-Dade County Deferred Compensation Plan Memorandum of Understanding

Page 3 of 4

The purpose of the Memorandum of Understanding is to make you aware of the highlights, restrictions and cost of the Miami-Dade County Deferred Compensation Plan. However it does not cover all the details of the Plan. You should refer to the Plan Document for specific details and the prospectuses and other documentation for the Plan's underlying investment options.

1. I understand that my participation in the Plan is governed by the terms and conditions of the Plan Document. The product information brochure and fund prospectuses are available upon request at miamidade457.com or by calling 1-866-986-4264.
2. The total annual contribution amount to all 457(b) plans is the lesser of the maximum annual 457(b) contribution limit or 100% of my includable compensation. This amount may be adjusted annually. If you have questions about the maximum contributions limits they can be found at irs.gov. Under certain circumstances, additional amounts above the limit may be contributed into the Plan if (1) I will attain age 50 or older during the current calendar year, or (2) I am within three years of Normal Retirement Age and did not contribute the maximum amount in prior years. The Plan Document provides additional details about contribution limitations. Contributions in excess of maximum amounts are not permitted and will be considered taxable income when refunded. It is my responsibility to ensure my contributions do not exceed the annual limit.
3. I may withdraw funds from the Plan only upon severance from employment; at age 70½; upon an unforeseeable emergency approved by the Plan; or I may take a one time in-service withdrawal if my account value is \$5,000 or less (as adjusted) and I have not deferred into the Plan for two or more years, and have not taken this type of distribution before. In some cases withdrawal for purchase or repayment of service credits in a governmental defined benefit plan may be permitted. Additionally, funds may be withdrawn upon my death. All withdrawals of funds must be in compliance with the Internal Revenue Code and applicable regulations, some of which are expressed in the Plan Document.
4. As opposed to the withdrawal of earnings on pre-tax contributions, the earnings on designated Roth contributions are generally not subject to future taxes as long as the distribution from the Roth account satisfies the requirements to be a "qualified distribution." Qualified distributions are distributions which are made five years or more after January 1 of the first year that you made a Roth contribution to this plan, and must be made on or after the attainment of age 59½, your death, or due to your disability. If you previously established another designated Roth account in another plan and roll the funds from this plan to the other plan, the five-year period will begin from the date of the first contribution to the first designated Roth account. A non-qualified Roth distribution may result in an additional 10% tax on the earnings portion of the Roth distribution unless an exception applies. Please note that once made, contributions and/or rollovers to a designated Roth account are irrevocable. In the event you wish to make changes, only future contributions and/or rollovers can be redirected.
5. My distributions from the Plan must begin no later than the April 1 following the later of the year I reach 72 or have a severance from employment (including retirement). All pre-tax distributions are taxable as ordinary income and are subject to income tax in the year received. A non-qualified Roth distribution may result in an additional 10% tax on the earnings portion of the Roth distribution unless an exception applies. My distributions must be made in a manner that satisfies the minimum distribution requirements of Internal Revenue Code Section 401(a)(9), which currently requires benefits to be paid at least annually over a period not to extend beyond my life expectancy. Failure to meet minimum distribution requirements may result in a 50% federal excise tax on the amount of the requirement minimum distribution.
6. The funds in my account may be eligible for rollover to a traditional IRA or to an eligible retirement plan. The "Special Tax Notice Regarding Plan Payments" provides detailed information about my options. Due to important tax consequences related to distributions, I have been advised to consult a tax advisor. I expressly assume the responsibility for tax consequences relating to any distribution, and I agree that neither the Plan nor the Plan Administrator shall be responsible for those tax consequences.
7. I understand that all products are optional.
8. No more than 25% of deferrals can be used to purchase life insurance.
9. I understand that retirement income payments and termination values (if any), provided by the variable annuity contract are variable when based on the investment experience of a separate account and are not guaranteed as the to the dollar amount. This statement is not applicable to the fixed account.
10. I understand that all amounts deferred into the plan and earnings on the amounts deferred are held in a trust, custodial account or annuity contract for the exclusive benefit of the participants and their beneficiaries until such time as the deferred amount is made available to the participant or beneficiary.
11. I understand that I may make changes among the investment options within my account as frequently as daily, but any change may be subject to the restrictions of the Plan and/or investment provider. Some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully. Changes may be made by calling 1-866-986-4264 or logging on to miamidade457.com.
12. Availability of life insurance options and other investment options may vary by plan. I understand that if an allocation is made to a closed or unavailable investment option, the allocation will be made to the default option. Vanguard Institutional Target Retirement Fund - Institutional Shares is your plan default fund and your age-appropriate Target date fund will be selected. If the total investment option allocation percentage equals less than 100%, the remainder will be allocated to the Plan's default option, the Vanguard Institutional Target Retirement Fund - Institutional Shares. If the total investment option percentage exceeds 100%, 100% of your contributions will be allocated to the Vanguard Institutional Target Retirement Fund - Institutional Shares.
