Enroll in the State of Arizona's 457(b) Deferred Compensation Plan

As an Arizona state public employee, the State of Arizona Deferred Compensation Plans were created specifically for you!

WHAT IS 457(b)?

The State of Arizona offers supplemental retirement plans for employees like you to set aside money from each paycheck toward retirement. These plans offer a tax-advantage way to invest and can help bridge the gap between what you have in your pension and Social Security, and how much you'll need in retirement. Available contribution options include:

- **457(b) Traditional Pre-tax**
- **457(b) Roth - after-tax**

WHY SHOULD I PARTICIPATE?

The State of Arizona Deferred Compensation Plans help put you in control of when, where and how much you invest. And that's just the beginning — here are four more reasons why it's smart to participate in your deferred compensation plan:

- **You can start anytime** — Your deferred compensation plans will work for you whether you're approaching retirement or just getting started.

- **Every little bit helps** — Even investing a small amount of money can really add up over time. And if you increase your contributions on a regular basis, the overall impact to your paycheck may not seem too painful.
- **This plan is made for you** — Unlike other retirement plans, a 457(b) deferred compensation plan takes into account that you may retire sooner than workers in the private sector. Generally, you don't have to worry about paying an additional 10% early withdrawal tax for distributions taken from the plan before age 59½ (unlike 401(k) plans). Withdrawals are taxable income to you in the year the payments are made.
- **Get personalized guidance** — Get personalized guidance from knowledgeable local Retirement Specialists for every stage of planning for retirement.
