State of Arizona 457(b) Deferred Compensation Plan Memorandum of Understanding

I understand that my participation in the State of Arizona Public Employees Deferred Compensation Plan is governed by the terms and conditions of the Plan Document. The product information brochure and fund prospectuses are available upon request from:

- The local Nationwide Retirement Specialist at 602-266-2733.
- The State of Arizona Plan website at ArizonaDC.com.
- The Nationwide Retirement Solutions Customer Service Center at 800-796-9753.

1. The total annual contribution amount to all 457(b) plans is the lesser of the maximum annual 457(b) contribution limit or 100% of my includible compensation. This amount may be adjusted annually. If you have questions about the maximum contributions limits they can be found at irs.gov. Under certain circumstances, additional amounts above the limit may be contributed in the Plan if (1) I will attain age 50 or older during the current calendar year, or (2) I am within three years of the Plan's Normal Retirement Age and did not contribute the maximum amount to the 457 Plan in prior years. The Plan Document provides additional details about contribution limits. Contributions in excess of maximum amounts are not permitted and will be reported as taxable income when refunded. It is my responsibility to ensure my contributions to all 457(b) plans in which I participate regardless of employer do not exceed the annual limit.
2. As opposed to the withdrawal of earnings on pre-tax contributions, the earnings on designated Roth contributions are generally not subject to future taxes as long as the distribution from the Roth account satisfies the requirements to be a "qualified distribution." In order to be a qualified distribution, the distribution must be made five or more years after January 1 of the first year the participant made Roth contributions to the Plan and must be made on or after the attainment of age 59½, the participant's death, or the participant's disability. If the participant previously established another designated Roth account in another plan and is able to roll the funds from this Plan to the other plan, the five-year period would begin to run from January 1 of the year of the first contribution to a designated Roth account. A non-qualified Roth distribution may result in an additional 10% early withdrawal tax on that portion of the distribution that is includible in gross income, if made from rollovers to this Plan from a qualified plan like a 403(b) plan, unless a statutory exception applies. Please note that once made, contributions and/or rollovers to a designated Roth account may not be reversed. In the event the participant desires to make contribution changes, only future contributions and/or rollovers can be redirected (contributed as pre-tax funds).
3. I may withdraw funds from the Plan only upon severance from employment; upon attaining age 70½; upon an unforeseeable emergency approved by the Plan; or I may take a one time in-service withdrawal if my account value is \$5,000 or less (as adjusted) and I have not contributed into the Plan for two or more years. In some cases withdrawal for purchase or repayment of service credits in a governmental defined benefit plan may be permitted. Additionally, funds may be withdrawn upon my death. All withdrawals of funds must be in compliance with the Internal Revenue Code and applicable regulations, some of which are expressed in the Plan Document.
4. Generally, my distributions must typically begin no later than April 1st following the year I reach age 70½. If I work beyond age 70½, generally my distributions must begin no later than April 1st following the year I have a severance from employment or retire. Please consult your plan document for further details. All distributions are taxable as ordinary income and subject to income tax in the year received. My distributions must be made in a manner that satisfies the minimum distribution requirements of IRC Sec. 401(a)(9). Failure to meet minimum distribution requirements may result in the payment of a 50% federal excise tax.
5. The funds in my account may be eligible for rollover to a traditional or Roth IRA or to an eligible retirement plan. The "Special Tax Notice Regarding Plan Payments" provides detailed information about my options. Due to important tax consequences related to distributions, I have been advised to consult a tax advisor. I expressly assume the responsibility for tax consequences relating to any distribution, and I agree that neither the Plan nor the Plan Administrator shall be responsible for those tax consequences.
6. No more than 25% of total contributions can be used to purchase life insurance.
7. If the policy terminates due to insufficient premium, my continuing contributions will be credited to the fund option(s) based on my then current allocation (unless I notify the Plan Administrator otherwise).
8. I may exchange the accumulated value of my account at any time, among available investments, subject to certain terms and restrictions of those options and the Plan. Some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully.
9. I understand that I may make changes among the investment options within my account as frequently as daily, but any change may be subject to the restrictions of the plan and/or the investment provider. In addition, some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully. Changes may be made by calling 800-796-9753 or logging on to ArizonaDC.com.
10. I understand that all products are optional.
11. I understand that if an allocation is made to a closed or unavailable investment option, the allocation will be made to the default option, the American Funds Target Date Retirement Fund closest to the year in which you turn age 65. I understand that if the total investment option allocation is greater than 100% my application will be rejected and my allocations will not be processed.
12. I understand the Arizona Deferred Compensation Board reviews the Investment Options periodically and makes changes to the fund lineup if necessary.
13. The earliest your enrollment or contribution change can start is the first day of the month following your completed request. Please remember, your employer's processing scheduled will determine the actual effective date of the contribution. It is the Plan Sponsor's/ Pay Center's responsibility to ensure deferrals do not commence too early.

Administrative Fees

1. There is an explicit administrative fee of .06% (\$6 per \$10,000 annually)
2. I understand that the value of the investment options I select may change on a daily basis and there is no guarantee of principal or investment returns.

Arizona Credit Union

The effective interest rate may vary in accordance with the general interest rate and the policy of the Credit Union.
