State of Idaho Deferred Compensation Plan Memorandum of Understanding

Page 3 of 4

The purpose of the Memorandum of Understanding is to make you aware of the highlights, restrictions and cost of the State of Idaho Employee Deferred Compensation Plan. However, it does not cover all the details of the Plan. You should refer to the Plan Document for specific details.

I understand and acknowledge the following

1. I understand that my participation in the Plan is governed by the terms and conditions of the Plan Document. The product information brochure and fund prospectuses are available upon request at idahodc.com or by calling 866-432-6789.
2. The maximum annual contribution amount to all 457(b) plans is the lesser of the annual 457(b) contribution limit or 100% of my includible compensation. This amount may be adjusted annually. If you have questions about the maximum contributions limits they can be found at irs.gov. Under certain circumstances, additional amounts above the limit may be contributed into the Plan if (1) I will attain age 50 or older during the current calendar year, or (2) I am within three years of Normal Retirement Age and did not contribute the maximum amount in prior years. The Plan Document provides additional details about contribution limitations. Contributions in excess of maximum amounts are not permitted and will be considered taxable income when refunded. It is my responsibility to ensure my contributions do not exceed the annual limit.
3. Earnings from designated Roth contributions may be subject to income taxes and penalties unless the distribution is a qualified distribution. To meet the requirements to be a qualified distribution the contributions must be held in the designated Roth account for 5 consecutive tax years and the participant must be at least 59½, be disabled or have died. A non-qualified Roth distribution may result in a 10% early withdrawal penalty on the portion of the distribution includible in gross income if made from rollovers to this Plan from a qualified plan or a 403(b) plan and no statutory exceptions apply. The distribution or designated Roth contributions are generally not subject to income taxes or penalties. Please note, that once made, contributions and/or rollovers to a Roth account may not be reversed. In the event you wish to make changes, only future contributions and/or rollovers can be redirected.
4. I may withdraw funds from the Plan only upon severance from employment; at age 70½; upon an unforeseeable emergency approved by the Plan; or I may take a one time in-service withdrawal if my account value is \$5,000 or less (as adjusted) and I have not contributed into the Plan for two or more years. Withdrawal for the purchase or repayment of service credits in a governmental defined benefit plan may also be permitted. Additionally, funds may be withdrawn upon my death. All withdrawals of funds must be in compliance with the Internal Revenue Code and applicable regulations, some of which are expressed in the Plan Document.
5. In general, distributions from the Plan must begin no later than the 1st of April following the later of the year I reach age 72 or separate from service. Please consult the Plan Document for additional information. All distributions are taxable as ordinary income and subject to income tax in the year received. My distributions must be made in a manner that satisfies the minimum distribution requirements of IRC Sec. 401(a)(9), which currently requires benefits to be paid at least annually over a period not to extend beyond my life expectancy. Failure to meet minimum distribution requirements may result in the payment of a 50% federal excise tax.
6. The funds in my account may be eligible for rollover to a traditional or Roth IRA or to an eligible retirement plan. The "Special Tax Notice Regarding Plan Payments" provides detailed information about my options. Due to important tax consequences related to distributions, I have been advised to consult a tax advisor. I expressly assume the responsibility for tax consequences relating to any distribution, and I agree that neither the Plan nor the Plan Administrator shall be responsible for those tax consequences.
7. I understand that retirement income payments and termination values (if any), provided by the contract are variable when based on the investment experience of a separate account and are not guaranteed as to the dollar amount. This statement is not applicable to the fixed account value.
8. I understand that all amounts contributed into the Plan and earnings on the amounts deferred are held in a trust, custodial account or annuity contract for the exclusive benefit of the participants and their beneficiaries until such time as the deferred amount is made available to the participant or beneficiary.
9. I understand that I may make changes among the investment options within my account as frequently as daily, but any change may be subject to the restrictions of the Plan and/or investment provider. Some mutual funds may impose a short term trading fee. Please read the underlying prospectuses carefully. Changes may be made by calling 866-432-6789 or logging on to idahodc.com.
10. Availability of investment options may vary by plan. I understand that if the total investment option allocation is greater than 100%, my application will be rejected, and my allocations will not be processed.
11. The earliest your enrollment or contribution change can start is the first day of the month following your completed request. Please remember, your employer's processing schedule will determine the actual effective date of the contribution. It is the Plan Sponsor's/ Pay Center's responsibility to ensure deferrals do not commence too early.

Nationwide Fixed Account

1. A guaranteed interest rate is declared quarterly and credited daily, which is not lower than the minimum annual rate.
2. Exchanges and/or transfers may be made up to 100% of the participant's account value.
3. Nationwide may earn a spread on assets held in the Nationwide Fixed Account, which is reflected in the crediting rate. The spread represents the difference between what Nationwide earns on investments and what it credits to the Fixed Account as interest.

Mutual Fund Options

The value of amounts allocated to mutual funds options will vary depending upon the value of the chosen mutual funds and could result in either a gain or loss. The fund prospectuses were made available to me and can be obtained upon request.

Mutual Fund Payments Disclosure

Nationwide offers a variety of investment options to public sector retirement plans through variable annuity contracts, trust or custodial accounts. Nationwide may receive payments from mutual funds or their affiliates in connection with those investment options. For more detail about the payments Nationwide receives, please visit idahodc.com.

Auto Increase

By selecting the participant elected automatic contribution increase option, my payroll contributions will automatically increase annually for the money source(s), the date and by the dollar or percentage amount selected. I may stop the participant elected automatic contribution increase at any time by calling 877-677-3678, completing a new Participation Agreement or accessing nrsforu.com. Increase requests that do not match the current source and mode as I am currently contributing will not be processed. A selected date of 02/29 will not be processed and will be changed to 02/28.
