International Index Fund

as of 12/31/2023

Objective

The Fund seeks to approximate the risk and return characteristics of the MSCI ACWI Ex-U.S. Investable Market Index (IMI) (net). This Index is commonly used to represent the non-U.S. equity developed and emerging markets.

Strategy

To achieve its objective, the Fund will invest substantially all of its net assets in the equity securities included in the MSCI ACWI Ex-U.S. IMI (net), in weightings that approximate the relative composition of the securities contained in the MSCI ACWI Ex-U.S. IMI (net), and in MSCI ACWI Ex-U.S. IMI (net) futures approved by the Commodity Futures Trading Commission.

The performance of the Fund is measured against the performance of the MSCI ACWI Ex-U.S. IMI (net) (see Additional Disclosures for definition).

Estimated Fees

No transaction fees are charged. Instead, the Fund indirectly incurs management fees that are charged by the underlying Investment Managers. The estimated expense ratio consists of operating expenses, including management fees and nominal trustee services fees. These fees are netted out of the performance of the Fund.

Our excessive trading policy imposes a 2.0 percent redemption fee on the sale of assets in the fund if the sale occurs within 30 calendar days of purchase. Proceeds from such fees flow back into the unit value of the fund. See the Transfer Restrictions and Redemption Fees document on the forms, publications, governing documents & reports page at savingsplusnow.com for more details.

	Gross expense	Net expense
Expenses per \$1000 investment	\$0.50	\$0.50

The results shown represent past performance and do not represent expected future performance or experience. Past performance does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the data quoted. Performance data current to the most recent month-end may be obtained by visiting savingsplusnow.com.

The index returns do not include the deduction of investment management and trustee services fees which would lower a participant's return.
