FEES AND EXPENSES

Mortality and Expense Risk charge	Nationwide deducts a Mortality and Expense Risk charge from the Variable Account. The charge is computed on a daily basis and is equal to an annualized rate of the Daily Net Assets of the Variable Account. Nationwide may realize a profit from this charge.
Administrative charge	Nationwide deducts an Administrative charge from the Variable Account. The charge is computed on a daily basis and is equal to an annualized rate of the Daily Net Assets of the Variable Account. Nationwide may realize a profit from this charge.
Maintenance charge	On each Contract Anniversary (and upon full surrender of the contract), Nationwide deducts a Contract Maintenance Charge. If, on any Contract Anniversary (or on the date of a full surrender), the Contract Value is \$50,000 or more, Nationwide will waive this charge from that point forward.
Contingent deferred sales charge (CDSC)	Nationwide does not deduct a sales charge from purchase payments upon deposit into the Contract. However, Nationwide may deduct a CDSC if any amount is withdrawn from the Contract. This CDSC reimburses Nationwide for sales expenses. For purposes of calculating the CDSC, surrenders are considered to come first from the oldest purchase payment, then the next oldest etc. Earnings are not subject to CDSC but may not be distributed prior to the distribution of all purchase payments. Note for tax purposes, a surrender is treated as a withdrawal of earnings first.
Premium taxes	Nationwide will charge against the Contract Value any premium taxes levied by a state or other governmental entity. These charges will be assessed at the time Nationwide is assessed the premium taxes by the state. Requirements may vary from state to state and are subject to change.
Loans	If loans are available to your plan and in your state, Nationwide may charge a loan processing fee of \$25 each time a new loan is processed. This fee compensates Nationwide for expenses related to administering and processing loans. Loan interest charges are 2.25% (net).

Commission	Nationwide pays a premium-based commission, asset-based commission or a combination of these to Firms that sell its annuity contracts. The maximum gross commission paid on this contract is 6.50% of purchase payments.
Marketing Allowance	Nationwide may pay the selling firm a marketing allowance which is based on the firm's willingness to promote Nationwide's products. For more information on the exact compensation arrangement associated with this contract, please consult the registered representative.
Underlying Investment Options and Fees	<p>Underlying investment options ("investment options") impose fees and expenses. These charges are in addition to the costs assessed by the contract. The prospectus for each investment option provides additional information regarding the applicable fees and expenses. Descriptions of applicable investment options, their expenses and how they are assessed including the minimum and maximum total operating expenses charged by the investment option are included in the annuity contract prospectus. For individual investment option prospectuses, refer to www.nationwide.com/variable-annuities.jsp.</p> <p>The investment options incur expenses each time they sell, administer, or redeem their shares. The Variable Account aggregates Contract Owner purchase, redemption, and transfer requests and submits net or aggregated purchase/redemption requests to each investment option daily. The Variable Account (not the Contract Owners) is the investment option shareholder. When the Variable Account aggregates transactions, the investment option does not incur the expense of processing individual transactions it would normally incur if it sold its shares directly to the public. Nationwide incurs these expenses instead. Nationwide also incurs the distribution costs of selling the contract, which benefit the underlying investment option by providing Contract Owners with Sub-Account options that correspond to the option.</p> <p>An investment advisor or subadvisor of an investment option or its affiliates may:</p> <ul style="list-style-type: none"> • Provide Nationwide with wholesaling services that assist in the distribution of the contract and may pay Nationwide to participate in educational and/or marketing activities • Pay Nationwide 12b-1 fees, sub-transfer agent fees, administrative service plan fees or payments by an investment option's advisor or subadvisor • Make certain payments to Nationwide or its affiliates; the amount of these payments is typically based on a percentage of assets invested in the investment option attributable to the contracts and other variable contracts Nationwide and its affiliated issue, but in some cases may involve a flat fee. These payments may be used by Nationwide for any corporate purpose, which include reducing the prices of the contracts, paying expenses that Nationwide or its affiliates incur in promoting, marketing and administering the contracts and the investment options, and achieving a profit <p>Information about Nationwide's relationship with investment options and resulting benefits and payments is included in the annuity contract prospectus.</p>
Penalty-free withdrawal	Generally, Nationwide allows a percentage of purchase payments or the amount of the required minimum distribution, noncumulative to be taken without penalty. Note that withdrawals of earnings at any age are subject to ordinary income tax; distributions prior to age 59 ½ may be subject to a 10% tax penalty.

IMPORTANT INFORMATION

This material is not a recommendation to buy, sell, hold, or roll over any asset, adopt an investment strategy, retain a specific investment manager or use a particular account type. It does not take into account the specific investment objectives, tax and financial condition or particular needs of any specific person. Investors should work with their financial professional to discuss their specific situation.

Neither Nationwide, nor its affiliates, unless affirmatively communicated in writing to the contrary, are undertaking to provide impartial advice or to give advice in a fiduciary capacity.

An annuity does have limitations. Surrender charges may apply for early withdrawals. An additionally 10% tax penalty (on top of ordinary income taxes) may apply for withdrawals prior to age 59 ½. A death benefit is available with most variable annuities and if an early withdrawal is taken, the death benefit and the cash value of the annuity contract will be reduced. An annuity contains guarantees and protections that are subject to the issuing insurance company's ability to pay for them. But these guarantees don't apply to any variable accounts that are subject to investment risk, including possible loss of principal.

Variable products are sold by prospectus. Both the current product prospectus and underlying fund prospectuses can be obtained from the investment professional, by calling Nationwide Life Insurance Company at 1-800-848-6331, or at our website www.nationwide.com. Before investing, carefully consider the fund's investment objectives, risks, charges and expense. The product prospectus and underlying fund prospectuses contain this and other important information. Read the prospectuses carefully before investing.
