

Release Date: 03-31-2023

AB VPS Relative Value Portfolio — Class A

Investment Strategy from investment's prospectus

The investment seeks long-term growth of capital. The Portfolio invests primarily in the equity securities of U.S. companies that the Adviser believes are trading at attractive valuations that have strong or improving business models. The Adviser monitors the fundamental performance of the Portfolio's investments for signs of future financial success. The Adviser relies heavily upon the fundamental analysis and research of its dedicated investment team for the Portfolio in conducting research and making investment decisions.

Category Description: Large Value

Large-value funds invest primarily in big U.S. companies that are less expensive or growing more slowly than other large-cap stocks. These funds often feature investments in energy, financial or manufacturing sectors.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
