

Release Date: 12-31-2018

American Funds NVIT Global Growth Fund — Class II

Investment Strategy from investment's prospectus

The investment seeks long-term growth of capital. The fund invests all of its assets in the Class 1 shares of the Global Growth Fund (the "Master Global Growth Fund"), a series of American Funds Insurance Series, a registered open-end investment company. In pursuing its investment objective, the Master Global Growth Fund invests primarily in common stocks of companies around the world that the Master Global Growth Fund's investment adviser believes have the potential for growth. The Master Global Growth Fund will allocate its assets among securities of companies domiciled in various countries including the United States and countries with emerging markets.

Past name: American Funds GVIT Global Growth II.

Category Description: World Large Stock

World large stock portfolios invest in a variety of international stocks that are larger. World-stock portfolios have few geographical limitations. It is common for these portfolios to invest the majority of their assets in developed markets, with the remainder divided among the globe's smaller markets. These portfolios typically have 20%-60% of assets in U.S. stocks.

Volatility Analysis

In the past, this investment has shown a wide range of price fluctuations relative to other investments. This investment may experience significant price increases in favorable markets or undergo large price declines in adverse markets. Some of this risk may be offset by owning other investments that follow different investment strategies.
