

# Alger Capital Appreciation Portfolio — Class I-2 Shares

## Investment Strategy from investment's prospectus

The investment seeks long-term capital appreciation. Under normal market circumstances, the fund invests at least 85% of its net assets, plus any borrowings for investment purposes, in equity securities of companies of any market capitalization that the advisor believes demonstrate promising growth potential. The Portfolio may invest a significant portion of its assets in securities of companies conducting business within a single sector, as defined by third party sources, including the information technology, consumer discretionary, communication services, and healthcare sectors.

Past name: Alger American Leveraged AllCap O.

## Category Description: Large Growth

Large-growth funds invest primarily in big companies that are projected to grow faster than other large-cap stocks. Most of these funds focus on companies in rapidly expanding industries.
