

American Funds Insurance Series® Asset Allocation Fund — Class 4

Investment Strategy from investment's prospectus

The investment seeks high total return (including income and capital gains) consistent with preservation of capital over the long term. The fund varies its mix of equity securities, debt securities and money market instruments. The fund's investment adviser expects (but is not required) to maintain an investment mix falling within the following ranges: 40%-80% in equity securities, 20%-50% in debt securities and 0%-40% in money market instruments and cash. It invests in a diversified portfolio of common stocks and other equity securities, bonds and other intermediate and long-term debt securities, and money market instruments.

Category Description: Moderate Allocation

Funds in allocation categories seek to provide both income and capital appreciation by investing in multiple asset classes, including stocks, bonds, and cash. These portfolios are dominated by domestic holdings and have equity exposures between 50% and 70%.
