

Northern Lights VT TOPS Aggressive Growth ETF Portfolio — Class 1

Investment Strategy from investment's prospectus

The investment seeks capital appreciation. The fund employs a fund-of-funds structure that invests, under normal market conditions, at least 80% of its assets in exchange-traded funds ("ETFs"). The ETFs included in the portfolio invest primarily in securities representing one of the following asset classes: common and preferred stocks, Real Estate-Related securities ("REITS") and natural resource-related securities.

Category Description: Aggressive Allocation

Funds in allocation categories seek to provide both income and capital appreciation by investing in multiple asset classes, including stocks, bonds, and cash. These portfolios are dominated by domestic holdings and have equity exposures of over 85%. These funds typically allocate at least 10% to equities of foreign companies and do not exclusively allocate between cash and equities.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
