Fidelity® VIP Growth Portfolio — Service Class 2

Investment Strategy from investment's prospectus

The investment seeks to achieve capital appreciation. The fund primarily invests in common stocks. It invests in companies that the adviser believes have above-average growth potential (stocks of these companies are often called "growth" stocks). The fund invests in domestic and foreign issuers. It uses fundamental analysis of factors such as each issuer's financial condition and industry position, as well as market and economic conditions, to select investments.

Category Description: Large Growth

Large-growth funds invest primarily in big companies that are projected to grow faster than other large-cap stocks. Most of these funds focus on companies in rapidly expanding industries.

Volatility Analysis

In the past, this investment has shown a wide range of price fluctuations relative to other investments. This investment may experience significant price increases in favorable markets or undergo large price declines in adverse markets. Some of this risk may be offset by owning other investments that follow different investment strategies.
