Fidelity® VIP Index 500 Portfolio — Initial Class

Investment Strategy from investment's prospectus

The investment seeks investment results that correspond to the total return of common stocks publicly traded in the United States, as represented by the S&P 500 Index. The fund normally invests at least 80% of assets in common stocks included in the

Category Description: Large Blend

Large-blend funds have portfolios that are fairly representative of the overall U.S. stock market in size, growth rates, and price. They tend to invest across the spectrum of U.S. industries, and owing to their broad exposure, the portfolios' returns are often similar to those of the S&P 500 Index.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
