

Fidelity® VIP Investment Grade Bond Portfolio — Service Class

Investment Strategy from investment's prospectus

The investment seeks as high a level of current income as is consistent with the preservation of capital. The fund normally invests at least 80% of assets in investment-grade debt securities (those of medium and high quality) of all types and repurchase agreements for those securities. The advisor managing the fund to have similar overall interest rate risk to the Bloomberg Barclays U.S. Aggregate Bond Index. The fund allocates assets across different market sectors and maturities.

Category Description: Intermediate-Term Bond

Intermediate-term bond funds have durations that are greater than 3.5 and less than six years. Most of the funds rotate among a variety of sectors in the bond market, based upon which appear to offer better values. Whatever types of bonds they hold, these funds are less sensitive to interest rates, and therefore less volatile, than funds that have longer durations.
