

Janus Henderson VIT Balanced Portfolio — Institutional Shares

Investment Strategy from investment's prospectus

The investment seeks long-term capital growth, consistent with preservation of capital and balanced by current income. The Portfolio pursues its investment objective by normally investing 35-65% of its assets in equity securities and the remaining assets in fixed-income securities and cash equivalents. It normally invests at least 25% of its assets in fixed-income senior securities. The Portfolio may also invest in foreign securities, which may include investments in emerging markets.

Past name: Janus Henderson Balanced Instl.

Category Description: Moderate Allocation

Funds in allocation categories seek to provide both income and capital appreciation by investing in multiple asset classes, including stocks, bonds, and cash. These portfolios are dominated by domestic holdings and have equity exposures between 50% and 70%.
