MFS® VIT II International Value Portfolio — Initial Class

Investment Strategy from investment's prospectus

The investment seeks capital appreciation. MFS (Massachusetts Financial Services Company, the fund's investment adviser) normally invests the fund's assets primarily in foreign equity securities, including emerging market equity securities. Equity securities include common stocks and other securities that represent an ownership interest (or right to acquire an ownership interest) in a company or other issuer. MFS focuses on investing the fund's assets in the stocks of companies the advisor believes are undervalued compared to their intrinsic value (value companies).

Past name: MFS/ Sun Life Ser Tr Intl Valu IC.
