

MFS® VIT Value Series — Initial Class

Investment Strategy from investment's prospectus

The investment seeks capital appreciation. The fund normally invests its assets primarily in equity securities. Equity securities include common stocks and other securities that represent an ownership interest (or right to acquire an ownership interest)

Category Description: Large Value

Large-value funds invest primarily in big U.S. companies that are less expensive or growing more slowly than other large-cap stocks. These funds often feature investments in energy, financial or manufacturing sectors.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
