NVIT Investor Destinations Balanced Fund — Class P

Investment Strategy from investment's prospectus

The investment seeks a high level of total return. The fund is a "fund of funds" that invests primarily in affiliated mutual funds representing a variety of asset classes. It pursues its objective for a high level of total return through investments in both equity and fixed-income securities. The fund allocates approximately 29% of its net assets in U.S. stocks, approximately 21% in international stocks and approximately 50% in bonds.

Category Description: Allocation—30% to 50% Equity

Funds in allocation categories seek to provide both income and capital appreciation by investing in multiple asset classes, including stocks, bonds, and cash. These portfolios are dominated by domestic holdings and have equity exposures between 30% and 50%.
