

Rydex VT Internet Fund

Investment Strategy from investment's prospectus

The investment seeks to provide capital appreciation. Under normal circumstances, the fund invests substantially all (at least 80%) of its net assets in equity securities of Internet Companies that are traded in the United States and in derivatives, which primarily consist of futures contracts and options on securities, futures contracts, and stock indices. The fund may invest to a significant extent in the securities of Internet Companies that have small to mid-sized capitalizations.

Past name: Rydex|SGL Var Internet.

Category Description: Technology

Technology portfolios buy high-tech businesses. Most concentrate on computer, semiconductor, software, networking, and Internet stocks. A few also buy medical-device and biotechnology stocks, and some concentrate on a single technology industry.
