

Rydex VT Transportation Fund

Investment Strategy from investment's prospectus

The investment seeks to provide capital appreciation. Under normal circumstances, the fund invests substantially all (at least 80%) of its net assets in equity securities of Transportation Companies that are traded in the United States and in derivatives, which primarily consist of futures contracts and options on securities, futures contracts, and stock indices. It may invest to a significant extent in the securities of Transportation Companies that have small to mid-sized capitalizations.

Past name: Rydex|SGI Var Transportation.

Category Description: Industrials

Industrial portfolios seek capital appreciation by investing in equity securities of U.S. or non-U.S. companies that are engaged in services related to cyclical industries. This includes and is not limited to companies in aerospace and defense, automotive, chemicals, construction, environmental services, machinery, paper, and transportation.
