

T. Rowe Price Health Sciences Portfolio

Investment Strategy from investment's prospectus

The investment seeks long-term capital appreciation. The fund will normally invest at least 80% of its net assets (including any borrowings for investment purposes) in the common stocks of companies engaged in the research, development, production, o

Past name: T. Rowe Price Health Sciences.

Category Description: Health

Health portfolios focus on the medical and health-care industries. Most invest in a range of companies, buying everything from pharmaceutical and medical-device makers to HMOs, hospitals, and nursing homes. A few funds concentrate on just one industry segment, such as service providers or biotechnology firms.

Volatility Analysis

In the past, this investment has shown a relatively moderate range of price fluctuations relative to other investments. This investment may experience larger or smaller price declines or price increases depending on market conditions. Some of this risk may be offset by owning other investments with different portfolio makeups or investment strategies.
