# VanEck VIP Trust Global Hard Assets Fund — Class S

## Investment Strategy from investment's prospectus

The investment seeks long-term capital appreciation by investing primarily in hard asset securities; income is a secondary consideration. The fund invests at least 80% of its net assets in securities of hard assets companies and instruments that derive their value from hard assets. Hard assets include precious metals (including gold), base and industrial metals, energy, natural resources and other commodities. A hard assets company is a company that derives, directly or indirectly, at least 50% of its revenues from exploration, development, production, distribution or facilitation of processes relating to hard assets.

Past name: Van Eck VIP Global Hard Assets S.

## Category Description: Natural Resources

Natural-resources portfolios focus on commodity-based industries such as energy, chemicals, minerals, and forest products in the United States or outside of the United States. Some portfolios invest across this spectrum to offer broad natural-resources exposure. Others concentrate heavily or even exclusively in specific industries. Portfolios that concentrate primarily in energy-related industries are part of the equity energy category.
