

# Vanguard VIF Equity Income Portfolio

## Investment Strategy from investment's prospectus

The investment seeks to provide an above-average level of current income and reasonable long-term capital appreciation. The Portfolio invests mainly in common stocks of mid-size and large companies whose stocks pay above-average levels of dividend income and are, in the opinion of the purchasing advisor, undervalued relative to similar stocks. In addition, the advisors generally look for companies that they believe are committed to paying dividends consistently. Under normal circumstances, it will invest at least 80% of its assets in equity securities. The Portfolio uses multiple investment advisors.

## Category Description: Large Value

Large-value funds invest primarily in big U.S. companies that are less expensive or growing more slowly than other large-cap stocks. These funds often feature investments in energy, financial or manufacturing sectors.
