Ivy VIP Energy — Class II

Investment Strategy from investment's prospectus

The investment seeks capital growth and appreciation. The fund normally invests at least 80% of its net assets in securities of companies within the energy sector, which includes all aspects of the energy industry, such as exploration, discovery, production, distribution or infrastructure of energy and/or alternative energy sources. It also may invest in companies that are not within the energy sector that are engaged in the development of products and services to enhance energy efficiency for the users of those products and services. The fund may invest up to 100% of its total assets in foreign securities.

Past name: Ivy VIP Energy.

Category Description: Equity Energy

Equity energy portfolios invest primarily in equity securities of U.S. or non-U.S. companies who conduct business primarily in energy-related industries. This includes and is not limited to companies in alternative energy, coal, exploration, oil and gas services, pipelines, natural gas services, and refineries.
